Happy New Year and Welcome to another year with GOSPYA as well as a new decade!

I hope that everybodys Festive Season was an enjoyable one and aboveal a safe one. However the holiday season is over and it's time to get back into a routine. I'd like to take this opportunity to wish all those students who head back to school or further studies all the very best for 1990. I'd also like to congratulate all those GOPYANS who completed year 12 and have gained acceptance into tertiary education or have started new jobs. Good luck for the future.

Since the last publication of this magazine GOSPYA was part of two very successful functions: GA III and BOXING DAY FANCY DRESS. It was great to see over 250 people turn up to Transformers for the third GA Night. We congratulate all those who received awards and all those who participated in the filming and production of the entertaining video. Special thanks go to Greg Kaloutsis and Nick Marendy for all their hard work and dedication. Thanks also to the sports chairpersons and their small band of movie stars!

Boxing Day - WOW what can I say? What a fantastic turnout with so many people coming fancy dress and having a wonderful time. The atmosphere was fantastic with over 550 people coming from far and near (especially Gold Coast, with even people coming from Sydeny) just so they don't miss out on what had to be one of the highlights of 1989. I'd like to thank the other four youth groups for their participation and contribution.

Coming up, GOSPYA combined with GOYA, PYA, OLYMPIC YOUTH And CYPRION YOUTH will be holding a Valentines Day Function at Cyprus House (advertised in this publication). Bring your valentine along or come and find your valentine and dance away the hours to both DJ and the Jazz band from The Underground.

Coming up in March (date to be confirmed) is GOSPYA's Annual General Meeting to be held at the GOSP Centre. Should you wish to be nominated for the 1990-1991 GOSBYA Executive nominations will be accepted on this day. You are reminded that to be nominated the nominee must be a financial member, so don't hesitate and sign up now with a member of the current executive. This would be a perfect opportunity for anyone who wishes to have an input into GOSPYA and its functions to nominate and join a committee which every year is dedicated to meeting the needs of the members it serves..The AGM is also a good oppotunity to find out what GOSPYA has been up to in 1989-1990.

GOSPYA TREK

THE FINAL FRONTIER

When we last left our voyagers, they were about to be blown to smithereens by an enemy craft looking remarkably like a spinning Nissan EXA with dangly bits hanging off it. Captain Cayas had no time to lose. She turned to Officer Patra.

"Can you identify the vessel?"

Officer Patra Gannis replied, "It seems like a class Q fighter vessel with dangly bits hanging off it. They are very rare in this part of the galaxy. You normally only see them on the southern side of the galaxy."

Lieutenant Leah broke in. "The only person who has one around here is..."

A wave of terror swept across the room as the crew realized who it was in the fighter vessel. Fear engulfed Lieutenant Leah, making her unable to finish the sentence, as she reached for a diazepam tablet. Even Officer Samios, who was about to play a nasty prank on Communications Officer Leah, was stopped dead in his tracks. What seemed like an eternity passed before someone mustered the courage to say the enemy's name.

"...Altar Man...", eventually muttered Captain Cayas.

Yvonne knew exactly what had to be done. It was true that the Starship GOSPYA's super-duper secret weapon was banned by every treaty ever signed from Altair I to Zebutanese MCCLXVIII, but drastic circumstances demanded drastic measures. Captain Cayas hit the triple-red-alert button, and turned the flashing rate to extra-fast, and the siren to ultra-loud.

She turned to weapons Officer Afroula.

"Activate the Super-Duper Secret Weapon."

Afroula tried to stop her.

"NO! You can't do it... It's just too cruel!"

Yvonne asserted her authority, exercising her absolute power while aboard the starship. Afroula grudgingly activated phase I of the weapon, even though this was against all ethics and morality.

After a change in the pitch of the alert siren, panels opened up in the roof, and presently, hundreds of ultra-heavy-duty earplugs fell from the storage bays. Everyone, realizing what was going on, scrambled to put them on before the next phase was activated. They knew they would not survive if they weren't protected, even though they were in a totally different vessel to the enemy.

"Activate Phase Two".

Afroula reached for the super-secret key and activated the device. Captain Cayas observed the goings on on the viewing screen. A few seconds passed. Just then, the enemy craft, piloted by Altar Man started turning, and preparing to run away as fast as

he could. Obviously he had spotted the incredibly big speakers coming out of the hull of the enterprise. He knew he was a certain gonner.

"Speakers in Position", acknowledged Afroula.

"Activate." ordered Captain Cayas, and added for good measure, "Brace yourselves".

A few seconds later, the speakers started 'thumping out Kylie Minogue music. (It was lucky that the controls weren't turned up full blast, otherwise Jason Donovan music would have spewed out). The crew watched the enemy disintegrate into a million tiny pieces. Pleas for help were coming through Leah's communications console... "No... No... No..." Then another voice came through on communications
"You goin the wrong way!". The voices then died.

"We've lost all contact", reported Lieutenant Leah.

"Disengage.", said Captain Cayas, The terrible noise then stopped. The crew stood in silence. It was a terrible, inhumane thing to do, but it had to be done. Still, those cries for help couldn't help but stick in the minds of the crew, and would haunt them for a long time to come.

BASKETBALL

Mens 3 and Mens 8 teams have started into a new season and already victory for Mens 3 in their very first game. The boys are training hard so every game should be a firey win. Obtain a schedule sheet so you too can be there live to witness the action. Good luck boys!!

NETBALL

What line up this season! Success is in our midst. With a team like the Protos (first), taking out the season will be an easy task. Monday nights at the Cricket Wicket - so be there!

SOCCER

Gospya's all time favourite team is back! The faces which have made soccer for Gospya an institution have the premiership cup in view. They've won the season on many occasions and this year they are as eager as ever. Hang around for the next newsletter feature on this all-great team.

VOLLEYBALL

The perpetual Monday night social sport boomed in '89 and at the beginning of a new decade volleyball will continue to be a number 1 social event. So we want YOU! on Monday nights at the Mansfield High School. Bring your friends and have a fun time.

Cypriot Youth have now made volleyball competitive. Train on Monday at Mansfield High and compete or cheer at Carina on Tuesday nights.

As everyone can see, the new decade has brought the start of new seasons. This year GOSPYA would like to bring you a variation of sports but YOU have to make the effort of giving us new ideas for sporting events. Wishing you all the very best in 1990 from.....
